P what's happenin'? Bozzie what's happenin'?
Hello? Look
What you do? Ride for my brothers dawg
Hey, look
Summer 16
Look, look, it's what we at, look

I'm at the tee like Jordan Spieth, I'm the chosen one
Cause every road block I see I find a hole in one
I'm on the green but the bunker's a possibility
Humbled through my success and all these impostors is feeling me
It's no surprise cause I execute with the best of 'em
My x-and-o's is breaking down all my foes
I always kill 'em softly and leave them a little exposed
Now you probably see my pic by the definition of goals look
My mind's spacin' the future y'all my-space
I get my car pooled it's gonna be when I buy ace
This my pace, I'm slow motion, better than no motion
I'm in the fast-lane and I'm servin' 'em when I'm coastin' look
This easy work y'all better listen work for money made
Heavy duty I handle these changes feather weight
23 on my back the way that I elevate
I turned it up and they hate it, them problems escalate
I go in my bag of tricks and get the hit and licks
That mean I'm takin' what I want ignore the consequence
My prominence stem from the dominance of a kid that was overlooked but he grew up an optimist
They feel like them gives a hit of fame when they come to game
Got the grill and the chain lookin' like a lame
These dudes followin' for size that they can't sustain
I'm savin' for a rainy day while they make it rain
Uh, so shout out to my followers I'm disappointed
They make a couple dollars now they feel anointed
We the guys you know the saying you can't beat 'em join it
We come from where them trigger fingers is double jointed
When that pressure on me heavy, just beware I'm deadly
And my back against the wall, I probably break the levee
A man of God, I'm risin' above the odds
How many in my position can say the same for the squad
That legendary hereditary when it come to me
I'm tied to the tribe Felix Mitchell, Huey P
That deep, East-Oakland breed, that elite focus
I'm breakin' bread with all real ones if you see me toast Dolla
