In 2 Deep

Damian Marley

Want commit suicide
Cause you've been denied
Of your 9 to 5
Your in 2 deep
If your over 10
And watch CNN
And believe everything
Your in 2 deep

And your 35
And you still survive
Idle pon corner side
Your in 2 deep
And your 55
And don't have a child for your joy & your pride
Your in 2 deep

And yuh riding a freak and she love how you do it
And your condom deplete
Your in 2 deep
And she seh baby please and you're weak in you knees
And kick off and release
Your in 2 deep

The you hear from the streets
Seh she full of disease, And you start to sneeze
Your in 2 deep
All months and fi weeks
All food yuh nuh eat
And you wieght start decrease
Your in 2 deep

So don't be in 2 deep
For you wi' in complete
When you drop in the street
You wi' drop in 2 deep
And don't be in 2 deep for you wi' incomplete/
When you drop in the streetsyou wi' drop
In 2 deep

You a war gainst the beast
And when thing fi squeeze
That's when you a freeze
Your in 2 deep
And you one a bleach
And you drop asleep
And machine a beat
Your in 2 deep

You exault and hype like you fling dandimite
and nuh live gangster life
Your in 2 deep
And a run off you beak
And you thing go breach and bad man go see it
Your in 2 deep

Then if a one police

Find you with yuh peace, and you start to squeel
Your in 2 deep
And you get release
Man a cirlcle you neat and you think it nuh real
Your in 2 deep

Then trure thing go steep
You decide fi sneak
some coke in your creese
It's in 2 deep
And go overseas
And same thing you reach
Dog sniff out you creese
He's in 2 deep

So don't be in 2 deep
For you wi' incomplete
When you drop in the streets
You wi' drop in 2 deep

And don't be in 2 deep
For you wi' incomplete
When you drop in the streets
You wi' drop in 2 deep

You a brag bout your wealth
And speak of yourself
Like you someone else
You in 2 deep

And you just start to grow
But you think you a pro cause you see it inna show
You in 2 deep
and you know every thing and worship the bilng and deny the king
You in 2 deep
Mesmerized by the beat CD on repeat memorizing my speech/
