

## Chevrolet

Damien Jurado

Heard you got a brand new Chevrolet  
You're leaving today  
I heard you got all your money saved  
You're leaving today

What shall I tell all your friends  
When they ask of you  
What shall I tell your mom  
When she asks of you

Shall I tell her that you're gone  
Gone and left me all alone

Girl it's awfully cold at night  
I need you by my side  
Girl it's awfully cold at night  
I miss you by my side

You're leaving today

Heard you got a brand new Chevrolet
