

# Ghost Of David

Damien Jurado

I've see you walk desert highways  
Come on out they're waiting for you  
Mother lost her one and only  
Fear the worst for dead are many

And I've seen the ghost of David  
In the house of his childhood  
Forget him not, still he loves you  
Life is short but love's eternal

Come on out we're waiting for you  
Come on out we're waiting for you
