

Let Down

Damien Jurado

Here comes a big letdown
It anchors your soul

In sadness
She left you
Standing alone

One more time, he promised
Not this time
Where is the love that binds us?
Not this time

Here comes a big letdown
It anchors your soul

Holding hands
She left you
Holding your own

One more time, he promised
Not this time
Where is the love that binds us?
Not this time
Could you please forgive us?
Not this time
