

# Lion Tamer

Damien Jurado

We said goodbye a year ago  
We sat within the farmhouse  
So you know, don't you?

I went to the house alone  
The power out, no telephone  
You know, you'll know

The gun in the drawer  
The long distance call  
A story to tell

Patience drifts into the sound  
You are nothing to me now  
I made time to figure out  
Save us now before we drown

Hello, goodbye I said last we met  
I'll be easy to forget

You know, you'll know

An empty beer, the sealing broke  
The saddest song we ever wrote  
You'll know, don't you?

It's all for the best  
It's not what it seems

The gun in the drawer  
The long distance call  
A story to tell

Patience drifts into the sound  
You are nothing to me now  
I made time to figure out  
Save us now before we drown
