

The End of the Road

Damien Jurado

I spent a lifetime looking for you
Patiently waiting to fall into view
And now that I've found you, my running is over
I have made it to the end of the road

What's that you say you spoke with us at
Afraid to move forward when isn't our time
But don't let it keep you from walking beside me
I will be with you at the end of the road

And the road it is long
I can't go it alone
The road is long

There will be times when you'll face the storm
Afraid and not certain in which way is home
I'll be there to guide you when you don't know
Just how to find me at the end of the road

And the road it is long
I can't go it alone
The road it is long
I can't go it alone

I need you
I need you
I need you
I need you
