

# Out Here All Night

Damone

Summer's coming too fast  
Winter's been here too long  
If we keep wasting our days  
Pretty soon they'll be gone

Oh yeah, yeah, yeah

I've been out here all night  
I've been out here all day  
With my eyes open wide  
Hoping that you will say

Everything is all right  
We can be happy too  
If you look out for me  
The way I looked out for you

People take what they need  
Then they tell you, "Get lost"  
Kindly leading you on  
While they're ripping you off

Oh yeah, yeah, yeah

I've been out here all night  
I've been out here all day  
With my eyes open wide  
Hoping that you will say

Everything is all right  
We can be happy too  
If you look out for me  
The way I looked out for you

If I sounded insecure  
It's because I wasn't sure  
You were really there

I've been out here all night  
I've been out here all day  
With my eyes open wide  
Hoping that you will say

Everything is all right  
We can be happy too  
If you look out for me  
The way I looked out for you

You can stand there all night  
You can stand there all day  
You can do what you like  
It doesn't matter to me

Oh yeah, yeah, yeah
