

Tonight

Damone

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to life
I got my Kangaroos on, on my way to go visit you
Cause you been doing me wrong, but that doesn't matter tonight

Cause I been thinking a long time about the things that we did
right
I can't go on living in a world I know is gone

Tonight

Tonight

We're gonna lay down our arms tonight
Cause half my heart's in the stereo and the other half's screw-
ed on tight

Tonight

Tonight

We're gonna lay down our arms tonight
Cause half my heart's saying "Let it go" and the other half sta-
ys to fight

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back...

To life

Tonight

We're gonna lay down our arms tonight
Cause half my heart's in the stereo and the other half's screw-
ed on tight

Tonight

Tonight

We're gonna lay down our arms tonight
Cause half my heart's saying "Let it go" and the other half sta-
ys to fight
