## You And I

You and I were cool But every one that you pursue Can see that I was dumb And you would do me wrong

I was real depressed And only you And you addressed And now the truth is I confess That I was wrong I was wrong I was wrong

You pretend that you were caring I believed that you were best I was so misunderstanding Now its all for me to get

Yea

Now that I'm abused By every body you abused And every one Can see IæO¦ dumb And IæO¦ alone

I would do the worst to anybody But the first So I would be the one That holds it in too long Way too long Way too long

You pretend that you were caring I believed that you were best I was so misunderstanding Now its all for me to get

You pretend that you were caring I believed that you were best I was so misunderstanding Now its all for me to get

Yeah, yeah

You pretend that you were caring I believed that you were best I was so misunderstanding Now its all for me to get
