

Keep It Hid

Dan Auerbach

Lock the door and close the blinds
They're coming for me girl and I ain't got time
If they ask you, darlin', oh about what I did
Baby you gotta keep it hid
I'm heading south, and I can't say where
But I'll phone you baby soon as I get there
They're not gonna seal my coffin lid'
Cause you're gonna keep it hid
Well Big Sue knew but she don't no more
If you know what I mean
They'll never find what they're looking for'
Cause you're my tight-lipped queen
I'll buy you a dress, a nice handmade piece
And send your Mom on a vacation to Greece
If you're an auction, oh I'm the highest bid
Oh baby, 'cause you're gonna keep it hid
