

Livin' in Sin

Dan Auerbach

Last night
You seem to deal with it alright
Girl you know that I meant well
I promise you that I won't tell

Your touch is electrical
I'm so susceptible
We know we have always been livin' in sin
Livin' in sin
Livin' in sin
Livin' in sin

It's not right
I can't have you in daylight
I need your spirit is voodoo
You're my cynical guru

Your mind is exceptional
You keep it so flexible
You know you have always been livin' in sin

Livin' in sin
Livin' in sin
Livin' in sin

I'll bite
Into something that feels right
You're gonna hear my shoutin'
From the top of a mountain

The worlds in an awful mess
But you and me were awfully blessed
We know we have always been livin' in sin
Livin' in sin
Livin' in sin
Livin' in sin

Everybody's living' in sin
Mommy, Daddy, Livin' in sin
We are livin' in sin, livin' in sin
