

## Mean Monsoon

Dan Auerbach

The summer sun has got me crazy  
Playing tricks with my poor mind  
You said you had another man  
And I said I guess I didn't mind

What's he got that I ain't got  
Besides stability  
Can he drive all night and never stop  
Well I guess you'll have to wait and see

I heard a voice, call to me  
Saying some day you're gonna be free

Put a dollar in the jukebox  
But don't you play our favorite tune'  
Cause seeing you dance to that  
Is only gonna bring me to ruin

Someday sunny sounds will soothe me  
But it won't happen soon'  
Cause the cloud you left hanging over  
Is raining like a mean monsoon

I heard a voice, call to me  
Saying some day you're gonna be free
