

Never in My Wildest Dreams

Dan Auerbach

Never in my wildest dreams
Would I be loving you
Never in my wildest dreams
Would my dreams come true

You're just too good to touch
I can't discuss it much
I get too choked up
Don't wanna make a scene

Never in my wildest dreams

Never in my wildest dreams
Would I roam this land
Sail across the seven seas
I'm a hard loved man

But I know where my purpose is

It ain't no some pilgrimage
Its wherever my baby is
My love supreme

Never in my wildest dreams

Walk in the cold cold wind
Carry my laundry bin
Take my recs for a spin
Watch daytime tv

You're just too good to touch
And I can't discuss it much
I get too choked up
Don't wanna make a scene

Never in my wildest dreams
