

## Show Me

Dan Auerbach

There's nothing you can say that I haven't heard  
Cause walkin' still speaks louder than words  
All this talkins' been a lot of fun  
But if you really wanna get it done  
Don't you act so fancy feet

Girl come on and show me  
Ooh Show me

I took a little drive out into the country  
I'm feelin' half alive, does she really want me?  
I'm twenty miles out of Tupelo

And I don't really wanna let her go  
But I can't play make believe

Girl you gotta show me  
Ooh show me

My heart is not a toy that anyone should play with  
I wanna be a man that you want to stay with  
Well if it's yes you gotta let me know  
If it's no please let me go  
I got this heart here on my sleeve

Girl come on and show me  
Ooh show me
