

Undertow

Dan Auerbach

The games we play
The tales we spin
Ain't always the way
Original sin

Would you die for me in the ICC?
Pry me free from this life I lead
Undertow
Settle in from so long ago
Here they come to drag me down below
Here they come the undertow

Solider of fortune
Who broke down doors
Sign of the scorpion or out of law

Would you die for me in the ICC?
Pry me from this life I lead
Undertow
Settle in there from so long ago
Here they come to drag me down below
Here they come the undertow

Undertow
Settle in there from so long ago
Here they come to drag me below
Here they come the undertow
