

# Cocoon

Dan Black

The way I feel  
Standing on this road  
I'm gonna crack this game  
I'm gonna crack this code

I've still got time  
I've still got time

When I'm wrong  
I don't take it well  
I've got my head in a song  
Oh, can't you tell

I've still got time  
I've still got time

Just wrap me round, wrap me round  
wrap me round, wrap me round your finger  
'Cause when you say  
it's okay doesn't matter if I believe you  
Just wrap me round, wrap me round,  
wrap me round, wrap me round your finger  
'Cause when you say it's okay  
doesn't matter if I believe you

You give me ideas  
When the dreaming stops  
Give me confidence  
When the drip won't drop

I've still got time  
I've still got time

Just wrap me round, wrap me round  
wrap me round, wrap me round your finger  
'Cause when you say  
it's okay doesn't matter if I believe you  
Just wrap me round, wrap me round,  
wrap me round, wrap me round your finger  
'Cause when you say it's okay  
doesn't matter if I believe you

You are my cocoon  
You are my cocoon  
You are my cocoon  
You are my cocoon

Just wrap me round, wrap me round  
wrap me round, wrap me round your finger  
'Cause when you say  
it's okay doesn't matter if I believe you  
Just wrap me round, wrap me round,  
wrap me round, wrap me round your finger  
'Cause when you say it's okay  
doesn't matter if I believe you

You are my cocoon

You are my cocoon  
You are my cocoon  
You are my cocoon
