

Hearts

Dan Black

[Dan Black:]

Call paramedics and other experts

Could I be re-fixed?

All these broken people, they trunk your parts

Somewhere we got missed

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

[Kelis:]

Call paramedics and other experts

Listen close to this

Broken people, their junkyard parts

They can all be fixed

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

[Both:]

We'll put out an APB

Crash carts on the way

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps

'Cause the heart, it never sleeps
