

## Polar Bears

Dan Black

What you wanna do, where's your line  
Wanna make sure that you're still alive  
Look up from your pillow, I am at your window  
Jump that fence, loose all sense  
Hookup by the factory fence  
Look up from your pillow, I am at your window

You know we go like polar bears over snow through the town at dusk  
So don't ever say, throw me overlay  
Don't let yourself in way

Let's just go  
Let's just go, come on  
Let's just go  
Let's just go, come on, come on, come on

What you wanna do, where's your line  
Wanna make sure that you're still alive  
Look up from your pillow, I am at your window  
Jump that fence, loose all sense  
Hookup by the factory fence  
Look up from your pillow, I am at your window

You know we go like polar bears over snow through the town at dusk  
So don't ever say, throw me overlay  
Don't let yourself in way

Let's just go  
Let's just go, come on  
Let's just go  
Let's just go, come on, come on, come on
