Bring Me Back

Dan Bremnes

How could I be so blinded
How could I turn away from You
And all that You are
How could I search for things of this world
When all my treasures are found in You
And all that You are

Bring me back
I don't care what it may take
Let my sin be not a trace
So bring me back
Bring me closer than before
This time my life is Your's

All of the sin I've carried
It's bringing me down and I've gone so far
But You have Your hand upon me
It's plain to see
From where I've been
Now won't you lift me up again
Lift me up again

Bring me back
I don't care what it may take
Let my sin be not a trace
So bring me back
Bring me closer than before
This time my life is Your's

So bring me back
I don't care what it may take
Let my sin be not a trace
Bring me back
Bring me closer than before
Bring me closer than before
This time my life is Your's

How could I be so blinded
How could I turn away from You
And all that You are
