

Cortado

Dan Bremnes

I always know what you mean with a
Big smile just lookin' at me, I think
It's time to get outta here
You whisper in my ear

Let's spin the globe and we can fly away
Or we can jump on a midnight train
Wanna wake up in a different place, ah
Two, three, go

And we can go tomorrow, Fiji or Milano
You and me just sippin' on cortados
Love that feelin' when you don't need a reason
Come with me, we'll dance until the sun goes down, down, down, down,
oh
Until the sun goes down, down, down, down, oh
Until the sun goes

It's never too late to dream
So let's go 'cause the memories are free
And we don't need no reason or rhyme
It's the good life, always the right time

To spin the globe and we can fly away
See the glow of the bio-luminescent bay
Wanna wake up in a different place, ah
Two, three, go

And we can go tomorrow, Fiji or Milano
You and me just sippin' on cortados
Love that feelin' when you don't need a reason
Come with me, we'll dance until the sun goes down, down, down, down,
oh
Until the sun goes down, down, down, down, oh
Until the sun goes

Tomorrow, Fiji or Milano

Let's spin the globe and we can fly away
Or we can jump onto a midnight train
I wanna wake up in a different place, oh

And we can go tomorrow, Bali or Morocco
You and me just sippin' on cortados
Love that feelin', no, we don't need a reason
Come with me, we'll dance until the sun goes down, down, down, down,
oh
Until the sun goes down, down, down, down, oh
Until the sun goes
