

Hold You Tight

Dan Bremnes

You walk
You run
You climb
And you fall again
You crawl
You fight
You break apart
Tonight
But I am
The voice
That keeps on calling out to you
Lighting up the dark
I turn chaos into art

So if you're falling under
Or if you're letting go

Don't you worry tonight I will hold you
Don't you worry, my child, I'll stay by your side
In the middle of it, in the middle of it I
Will hold you, hold you, hold you tight

You hope
You dream
You chase
You bleed
A story in these scars
Are never gone
And you're lost and found
I'm here and now
And underneath these stars
I see just who you are

Don't you worry tonight I will hold you
Don't you worry, my child, I'll stay by your side
In the middle of it, in the middle of it I
Will hold you, hold you, hold you tight

You don't have to worry
You don't have to hide
I know you're weary
Weary from the fight
You don't have to fear now
I'm here by your side
And I'm gonna wait here
Wait with you tonight

Don't you worry tonight I will hold you
Don't you worry, my child, I'll stay by your side
In the middle of it, in the middle of it I
Will hold you, hold you, hold you tight

(Don't have to worry)
Don't you worry tonight I will hold you
(Don't have to fight)
Don't you worry, my child, I'll stay by your side
In the middle of it, in the middle of it I

Will hold you, hold you, hold you tight

Hold you tight

Hold you tight
