

I Am Sure

Dan Bremnes

Every choice I make I second guess
A thousand questions ringin' in my head
I look down every road
There's so much that's still unkown to me

But I am sure of this
That Your faithfulness
Never ends, never fades
It's the brightest star in the deepest dark
I'll place my hope
In the truth I know
No matter what this life may bring
Your love will not let go
I am sure
I am sure

You're steady when I'm certain to arise
Stronger when I'm pressed from every side
But Your love will hold me fast
Whatever comes to pass
I am safe, I am safe

And I am sure of this
That Your faithfulness
Never ends, never fades
It's the brightest star in the deepest dark
I'll place my hope
In the truth I know
No matter what this life may bring
Your love will not let go
I am sure
I am sure

Strong in my weakness
My shelter, my fortress
My trust is in You
Yea, I'm trusting in You
(2x)
I am sure

I am sure of this
That Your faithfulness
Never ends, never fades
It's the brightest star in the deepest dark
I'll place my hope
In the truth I know
No matter what this life may bring
Your love will not let go
I am sure
I am sure
I am sure
Yeah I'm sure
