

# Into The Wild

Dan Bremnes

I'm a traveler  
Just looking for a home  
Somewhere past the sun  
Into the unknown  
I'm prisoner  
Where I refuse to grow  
Take me past the pines  
Where the fierce winds blow

Running into the wild  
Running into the wild  
Running into the wild  
I'm on my way, I'm on my way home  
Running into the wild  
Running into the wild  
Running into the wild  
I'm on my way, I'm on my way home

There's mystery  
Waiting to unfold  
Stirring in the deep  
Stories to be told  
There's history  
Where the canyons open wide  
Calling out to me  
Come and kiss the sky

Running into the wild  
Running into the wild  
Running into the wild  
I'm on my way, I'm on my way home  
Running into the wild  
Running into the wild  
Running into the wild  
I'm on my way, I'm on my way home

I'm on my way, I'm on my way home  
Running into the wild  
I'm on my way, I'm on my way home

Like the rivers to the sea  
Where the earth and heavens meet  
I'm chasing down an endless destiny

Like the stars that fill the night  
Let the wonder fill my eyes  
I won't let this one life pass me by

Running into the wild  
Running into the wild  
Running into the wild  
I'm on my way, I'm on my way home  
Running into the wild  
Running into the wild  
Running into the wild  
I'm on my way, I'm on my way home

I'm on my way, I'm on my way home  
Running into the wild  
I'm on my way, I'm on my way home
