

It Would Have Been Enough

Dan Bremnes

In the beginning
Out of the dust
You spoke the Word, breathed life into our lungs
We fell in the Garden
But you took our hands
Led us through the wilderness into the Promised Land

It would have been enough for me
It would have been enough for me
So bring me through the desert and part the sea
It would have been enough for me

Sent down from heaven
God's only Son
You walked the earth and You taught us how to love
Oh, Man of Sorrows
You humbled Yourself
God in flesh with us, Emmanuel

It would have been enough for me
It would have been enough for me
That You would leave Your throne and majesty
It would have been enough for me

But You never stopped showing us Your love
No, You never stopped showing us Your love
No, You never stopped showing us Your love
When You said it was finished, oh, it was enough

Jesus, You're enough for me
Jesus, You're enough for me
That You would give Your life on Calvary
Jesus, You're enough for me

That You would give Your life on Calvary
Jesus, You're enough for me
You'll always be enough for me
