

# Let That Go

Dan Bremnes

You know you're not the only one, lying  
Lying awake in bed at night, you think  
You've gotta do it all alone, but you  
You're not alone in the fight

What if I said  
You can live the goodlife  
Open up the blue sky, bright light  
What if I said  
You can live the good life  
You can live the good life, alright

Just let go  
The weight that you're holding  
Let it roll off your shoulders  
Just let go  
Let it fall in surrender  
Just let go  
Leave it behind you  
Let it fade out in the rear-view  
Let that go  
You don't have to fight this anymore  
You can let that go

It's all the freedom that you want, get it  
Don't live it any other way, I promise  
Maybe it's more than you can take, but it  
It could get better every day

What if I said  
You can live the goodlife  
Open up the blue sky, bright light  
What if I said  
You can live the good life  
You can live the good life, alright

Just let go  
The weight that you're holding  
Let it roll off your shoulders  
Just let go  
Let it fall in surrender  
Just let go  
Leave it behind you  
Let it fade out in the rear-view  
Let that go  
You don't have to fight this anymore  
You can let that go

Lay it all down  
Lay it all down  
Lay it all down  
Lay it all down  
You can let that...

Just let go  
The weight that you're holding  
Let it roll off your shoulders

Just let go  
Let it fall in surrender  
Just let go  
Leave it behind you  
Let it fade out in the rear-view  
Let that go  
You don't have to fight this anymore  
You can let that go
