

30 Hours

Dan Bull

Thirty hours ago I was very slow
At trimming my afro which I don't have 'cause I'm Caucasian
And it's very rare for a Caucasian to have an afro
Maybe a Jewish person might, do Jewish people count as Caucasian?
Not sure, but so you know sometimes they have
That really sort of curly hair
Sometimes it's known as a "Jewfro"
Perhaps not the most politically incorre-sorry
The most politically correct term but there you go
That's what it's known as in common parts
Anyway, where was I?

But what was the song title?
Oh, "30 Hours", I'm not doing it for that long
