## Dan Bull

I'm a creeper  
Minecraft's grim reaper  
Blowing up blocks like Al-Qaeda  
I'm not a creature  
That'll eat you  
But I'll leave you petrified  
Peter, remind peeps  
Of Minesweeper  
Clickin' on a brick  
Then you die in the deep  
I'll find your mine  
I'm a mind reader  
Now the mine is mine  
It's finders keepers  
"O hai, I'm a Creeper  
So nice, nice to meet you  
Is that the time?  
It's time to leave  
And tick, tock, tick, tock"

Boom boom boom  
I can't stop singin' this bloody  
Tune tune tune  
It's gonna make my brain go  
Boom boom boom  
I can't stop singin' this bloody  
Tune tune tune

I do what I wanna  
Move aside, Mama  
Tick tick  
I'm a suicide bomber  
I take control  
Then I'm gonna  
Leave a gaping hole  
Belladonna  
That'll take its toll  
When I'm on a quest to invade  
Detonate your soul  
Fizz like a lemonade then blow  
So you'd better stay indoors  
Or I'll find your mine  
When you're minin' ore  
You'll be dyin'  
Lyin' in gore  
Darling, aww  
What you cryin' for?  
Did somebody break your diamond sword?  
I'm the volatilest sort  
What a violent force  
That'll frighten Spartans  
Hark and hear Leonidas talk  
When he sees me  
"Tonight we dine indoors!"

Boom boom boom  
I can't stop singin' this bloody

Tune tune tune  
It's gonna make my brain go  
Boom boom boom  
I can't stop singin' this bloody  
Tune tune tune

It's official  
A ballistic missile  
Couldn't get this result  
I blow through stone  
Like a six foot chisel  
So you'd better shiver  
When you hear that sizzle  
Fo shizzle  
Take a listen  
It's a premonition  
Of my mission  
Death by demolition  
If I don't come home  
There's a sign in my kitchen  
To describe why I'm missin'  
'Gone fission'  
White hot raps  
I got stacks  
Sometimes when I die  
I drop tracks  
I got a lot  
Ocelot  
Fight off cats  
If I'm feeling nice  
Then I might not... blast

Boom boom boom  
I can't stop singin' this bloody  
Tune tune tune  
It's gonna make my brain go  
Boom boom boom  
I can't stop singin' this bloody  
Tune tune tune
