

# British Teeth

Dan Bull

I'm flossing  
Open wide  
You may feel a small amount of discomfort  
As I sink my teeth into this issue  
Fucking let's go

I was a jolly good child  
But never had a Hollywood smile  
I probably should be bothered but I'm not  
'cause my gob is just part of my ebullient style  
Charmingly funny and vile  
Like Stan, Cartman, Kenny and Kyle  
Met a woman, it was good for a while  
Then I grinned and had her running a mile  
Ugh... look at all that spit  
I've got a mouth like a Sarlacc Pit  
I look a bit like I was kicked to the kerb  
And my teeth took it worse than the Tarmac I bit  
I'm a little bit Ricky Gervais  
If he was hit with a brick in the face  
Dirty cunt  
Perverted version of Kirsten Dunst  
But worse in person 'cause of a certain oniony pungence  
Line up girls, who's first in front?  
Got a tongue like a Persian rug  
Fuck mouthwash, pass the detergent \*glug\*  
This is urgent look, get a surgeon booked  
Who can work with the curtains shut  
Too squeamish to floss, bleeding is gross  
So please just leave me to rot  
'cause believe it or not  
I really am reasonably pleased with the teeth that I've got  
Don't give a fuck whether you're a fan of mine  
Stop... Arm & Hammer time

You're jelly of my British teeth  
I'm a vicious beast  
If you do not like my music  
Then it's obvious that you are just too jelly of my British teeth  
I'm a vicious beast, I'm a vicious beast  
I'm a vicious beast, I'm a vicious beast with British teeth

Got them whitened, I might get them straightened  
But I kind of like to frighten the states with them  
And would Amy Winehouse  
Have sounded the same without the wide mouth?  
And the same applies to Shane MacGowan  
John Lydon, Clint Howard  
Think "Lemmy meets Steve Buscemi"  
I can already see your semi  
See you're jelly of my British teeth aplenty  
See your envy  
I'm the MVP of dentistry on the NHS  
My teeth are sexy  
I bring the Aquafreshest raps  
Grinning like a Cheshire Cat  
Fuck your feckless standards of beauty

You can shut your precious mouth  
My dentist was the gentlest  
She never did a thing that was senseless  
She sensibly selected medical consensus over aesthetic pretenses  
Regarding hygiene my teeth are quite clean  
But far from the whitest I've seen  
They used to be white, now they're yellowing  
Maturing like Cheddar and mellowing  
Developing into better things  
They're getting ever more menacing  
Snapping like a terrapin  
When I'm dead, I'll be outlived by my skeleton

You're just jelly of my British teeth  
I'm a vicious beast  
If you do not like my music  
Then it's obvious that you are just too jelly of my British teeth  
I'm a vicious beast, I'm a vicious beast  
I'm a vicious beast, I'm a vicious beast with British teeth
