

[Dan Bull:]

We're on a plane to L.A. and we're never going to stop  
Beatboxing with my ear when the drum goes pop  
Horrible zombies and hurtful plants  
So we're going to need a World of Tanks  
As you can see I'm not quite as tall as this robot from Titanfall  
If you don't like The Witcher, you can probably dismiss this  
But I just got a lolly from witches  
We're about to get onto the escalator  
You haven't got a pass, so I'll check you later  
People in queues? Flipping sod those  
Get out of my way, like fish in C.O.D. Ghosts  
They've been queueing for t-shirts since yesterday  
Looks like it's going to be their Destiny  
What's in the next M.G.S.? Only Snake'll know  
Castlevania looks like A Game of Thrones  
Elder Scrolls is amazing, no lag at all  
I'm holding the mace of Molag Bal  
Bethesda is repping Elder Scrolls Online  
But don't forget about Wolfenstein  
Activision are back to back with Blizzard  
Dat division

[Toby Turner:]

I'm freestyling, my style is free  
Actually, I, I paid a fee  
For the clothes that you see, I'm here at E3 2013  
You know what I mean, 'cause I said it in English, Mm-hmmm  
Sometimes I sing-lish, woo hoo hoo hoo ho  
For no reason, singing singing for no reason  
It's the season, for the re... treason

That rhymes, mother...

[Dan Bull:]

Man, my rhymes are tighter than Busta's  
Standing side to side with Tobuscus  
Sonic at the top like a boss hog  
Everybody's getting watched like in Watch Dogs  
Xbox privacy? That is a delusion  
Fake, Mickey Mouse, Castle of Illusion  
I burnt my forehead, it's pink as Hell  
I should have kept undercover, Splinter Cell  
Diablo III'll make me crazy and scared  
Like I've just seen an alien, where?  
I've been bitten by a zombie, that'll feel raw  
So what am I still on the Battlefield for?  
Soon it's going to be a dark night, Batman  
Let's go, I'm hungry, Pac-Man
