

# Fall Guys

Dan Bull

There will probably be some introductory vocals here  
Maybe even these placeholder ones  
We'll see how lazy I really am

Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys

Come one, come all, it's a horny porny sight to see  
Five dozen buggers rubbing side by side excitedly  
Fall guys and gals and non-binaries  
All dressed so swell, all kinds of fineries  
About to be knocked out as bad as Bernie in the primaries  
Till we can finally decide and see who'll run this dynasty  
Is it a silly game or an allegory for society?  
A biting satire of capitalistic primacy?  
Or is it just a bit of shits and giggles in which you can  
Kick a little kid off of a cliff and giggle spitefully  
We could right this silly rivalry  
Here privately, non-violently  
But rioting done quietly's a kind of weird irony

Dear diary, we'd like to live in harmony  
But harming each other's providing half of the economy  
This is a hell of a race, it isn't minor league  
Pissing in an elephant's face, tinkle those ivories

Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys  
It's a messy battle mixed with a lucky raffle  
Imagine Human Fall Flat inside Takeshi's castle  
Gang Beasts fornicating and breeding with Fortnite  
Now you've thought a thought thought of fall guys  
Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys

Never let the competitors get the better of us, nah  
Forever trekking till we get to the top  
It's a long way down and it's a one way drop  
Only when we hit the ground are we gonna say "stop"?  
It's a family friendly knock out, don't rock out with your cock out  
And Kanye West has definitely come on since College Dropout  
Kapow, people crowd around  
To see the wildest foul shit  
Like Thatcher selling off council housing  
Now you're down for the count without a doubt  
So tell us how this shit felt when you failed and fell  
This isn't clowning round, there is a crown to be held  
And I can tell you now without fail  
That pound for pound I'm bound to proudly prevail  
So bow down and bounce  
Or I'll huff and puff and pound your house down  
But this fairy tale won't be very fair  
Without giving my furry fella Oliver age 24 a shout out

Fall fall, a-fall fall, a-fall guys

Fall fall, a-fall fall, a-fall guys  
It's a messy battle mixed with a lucky raffle  
Imagine Human Fall Flat inside Takeshi's castle  
Gang Beasts fornicating and breeding with Fortnite  
Now you've thought a thought thought of fall guys  
Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys

After all guys we'll got Five Guys  
And get some fried fries, yes I said fried fries  
To keep the rhymes tight need to bend the guidelines  
Now you see what tryna keep regular content relevant online's like  
Jumping in the battle like a white knight  
I'm overreacting and charging at them, call me ion-stein  
You gotta be this high to ride my d  
(That's polite euphemism to describe my penis)  
Willy, booby, poo, and wee, bottom  
Cup these juicy plums and suck 'em  
Hey look, I asked Mediatonic for money  
In return for keeping this song clean and they declined, so fuck 'em, fuck '  
em, fuck 'em, fuck 'em  
Fuck 'em, fuckitty fuckitty fuck fuckitty fuckitty fuck fuck  
Fuck 'em, fuck 'em, fuck 'em, fuck 'em  
Fuck 'em, fuck

Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys  
It's a messy battle mixed with a lucky raffle  
Imagine Human Fall Flat inside Takeshi's castle  
Gang Beasts fornicating and breeding with Fortnite  
Now you've thought a thought thought of fall guys  
Fall fall, a-fall fall, a-fall guys  
Fall fall, a-fall fall, a-fall guys
