

## Low Lights

Dan Bull

Oh, low lights  
Low lights  
Lights that are low  
Lights that are low

I ain't talkin' about highlights  
They got too much limelight  
If we lay low light  
Then it's no light

Yeah, I'm talkin' 'bout low lights  
Low, "good-to-go" lights  
Those "steal-the-whole-goddamn-show" lights  
Them good ol' low lights
