

# Minecraftsoft - It's Over

Dan Bull

Oh Mojang, I can feel the soil falling over my head  
And as I climb into an empty bed, oh well, enough said

Dear Microsoft, we've got something to say  
You just traded for the biggest indie game in the indie game  
It just doesn't do it justice just to pin it with the indie name  
It's amazing just how big this thing became, it's been through stages  
Came straight from a beta on a forum into history's pages  
But now the fanbase weeps through flushed and misty faces  
No wish to see the game with Windows 8's interfaces  
Listen, it isn't as if we hate you, we're just resisting changes  
Gamergate displayed it pays to listen when players are pissed and dangerous

It's over, still I cling  
I don't know what else I can play  
Oh Mojang, I can feel the soaring overheads

I know it's business but there is this; look  
I know it's business but there is this; look  
This game means so, so much to so many people  
I can't think of a single community with any equal  
There's the streamers, the hardcore and casual players  
PC, console, mobile, YouTubers making a living from ads on players  
Construction on creation, Bukkit, Tekkit, Hunger Games  
And tons of countries' young teenagers  
That've become each other's neighbors, Steve's become a savior  
Please don't leave him to become a slave here, I pray to you

Mojang staff, please be happy  
Corporate suits, don't be brutes  
Loud loutish logo, treat them kindly  
As though they need you more than they love you

You might think I'm daft, asking you to be nice to Minecraft  
But I don't mind that, so laugh, my life is quite naff  
I've an appetite for trite trash, many nights I've pined, sat  
With wine or sank a pint glass and passed the time with Minecraft  
The game's a mate in the bad times I've had, the sad times I've had  
But when I craft, those sad times don't matter, no  
So you might think I'm daft, asking you to be nice to Minecraft  
But I don't mind that, as long as you look after Minecraft  
Don't mind that, as long as you look after Minecraft

It's over and it never really began  
But in my heart it was so real  
And Notch even spoke to me and said

"If you're so funny  
Then why are you on your own tonight?  
And if your channel's so good  
Then why do you stream alone tonight?  
I know 'cause tonight is just like any other night  
That's why you're on your own tonight  
With your mine and your farms  
While they're in each other's arms"

It's so easy to craft, it's so easy to slay

It takes strength to descend in the mine  
It's so easy to laugh and poke fun at Bill Gates  
It takes guts to attempt such a buy

Oh Mojang, oh Mojang  
Oh Mozza, I can feel the DMCA over my head  
This is a parody, don't grief, content ID, please
