

# The Fast Blue Hedgehog Song

Dan Bull

Ah ah ah!  
Put on my red shoes and fasten up the buckles  
Flex and stretch my legs, Oh so supple

Call Amy, Tails and Knuckles  
We're ready for a scuffle  
And feathers'll be ruffled

Amy rose is a lady that knows  
How to handle a hammer  
Shes aiming the blows  
There ain't no evading the throws  
With one little tap she's breaking your nose

Tails sails through the air like a gale  
With chaos trying to take him down to no avail  
He'll scale hills and vales  
Valleys and mountains 'til we prevail

Knuckles  
Is a though old echidna  
How he got so big's an enigma  
As a unit they're lifting the stigma  
That woodland creatures have little charisma

Spikes on my back strike and attack  
Any lyre, boa, mamba, python or asp  
Whiche type of life's even faster than light?  
You're frightened to ask, it is I

I'm the supersonic sonic im on it  
Like a comet at velocities that makes you want vomit  
Breaking your sound barrier like a gromet  
Would they ever stop me?  
Far from it

Im running to the summit  
I'm honest, that's a promise  
On every gold ring that i've got within my wallet

Bling!  
Got to get those rings  
Spread those wings  
And wreck those things  
Disinfect those stings  
I'm a retro link to the future  
Electro swing

Being blue, sir  
Is the next big thing  
There's a spring in my step so let's go  
Thrilling

There's a pillock called lyric and he's going to get it  
He'll feel the force of everything were going to give him  
The biggest of his wishes is to kick us off the rythm

But were never going to give in  
Never going to let him  
He`s never going to get anything that he threatened  
Whatever the weapon  
We`re old school so we`re prepping a lesson  
He`ll learn that we`re never subject to aggression

We`re the woodland creatures  
With grand features  
That`ll make you scream for the bleachers

Bringing heat like a fever  
With elite beats that`ll give your speakers seizures  
Dbs exeeding the reading of the meters  
`Til you`re pleading for a breather

[\*ihm, ihm\*]

While we just beat snake egg enemies to the etheeeeeeeeeer

Ow!  
I'm a blue flame bolt  
Ow!  
I'm a blue flame bolt  
Ow, Ow!  
I'm a blue flame bolt  
Screw Usain Bolt  
I'm a blue flame bolt  
Ow!  
I'm a blue flame bolt  
Ow!  
I'm a blue flame bolt  
Ow, Ow!  
I'm a blue flame bolt  
Screw Usain Bolt  
I'm a blue flame bolt  
I'm a  
I'm a  
I'm a blue flame bolt

And a Hedgehog
