

4am

Dan Caplen

4 in the morning and I'm wide awake
She says I'm the one but I've got mistakes to make
I've been out midnight, out for so long
Now I'm wishing I could fly away
4 in the morning and I'm wide awake

Hey, I know I gotta be licking in my veins
And every time I say I'm gonna change
But the Friday night comes, and I see my morals running away
When my mind stopped can you think out switch of my move
That am I a fool to be calling this late?

'Cause I know that
In 4 in the morning and I'm wide awake
She says I'm the one but I've got mistakes to make
I've been out midnight, out for so long
Now I'm wishing I could fly away
4 in the morning and I'm wide awake

I'm not sure could make up my mind about anything
What am I like?
There's too many exorcists none of them I believe
About the reasons I can't stay
And I'm here to stay but I'm way too cold form my own department
Now it's 4am in the morning and I can't call it a night

4 in the morning and I'm wide awake
She says I'm the one but I've got mistakes to make
I've been out midnight, out for so long
Now I'm wishing I could fly away
4 in the morning and I'm wide awake

I don't think loving is an option, wide awake
I got too much energy to function, but I'm okay
Oh, it's a little late in a day for second thoughts
Oh, need a goodnight sleep anyway, it's what I thought

4 in the morning and I'm wide awake
She says I'm the one but I've got mistakes to make (I've got mistakes)
I've been out midnight, out for so long
Now I'm wishing I could fly away (fly away)
4 in the morning and I'm wide awake
I'm wide awake
