

Love Me The Same

Dan Caplen

See, I'm not holy, but tell me who is
A priest can be saintly or a hypocrite
At least I'm truthful when it comes to you
There's no hidin' the things I do

See, I can go about my day
Knowin' someone won't care if I change
I know I get down on my love
But I can trust you to pull me up

So, I could fall into hell
And you would still love me the same way
I could face twenty years
And you would still love me through the tears
And we can handle anything that comes our way
'Cause I got your love
And you know that I'm here to stay
So I could fall into hell
And you would still love me the same
The same, mmh

See, you can have judgment in your voice
Without even knowin', I'll make the better choice
And you've always taught me, to stick to my guns
Don't need a religion to tell me I am wrong

And I can go about my day
Knowin' someone won't care if I change
I know I get down on my love
But I can trust you to pull me up

So, I could fall into hell
And you would still love me the same way
I could face twenty years
And you would still love me through the tears
And we can handle anything that comes our way
'Cause I got your love
And you know that I'm here to stay
So I could fall into hell
And you would still love me the same
The same, mmh
