

Two Fingers

Dan Caplen

(Two fingers up) [x4]

Caught her eye in the corner store
Grab a rum bottle to split with the boys
Found out that her name was Tina
Said I was the only man that could please her
But every time that we were alone
She hid the screen when she checked her phone
Thought our love was running deep
But Tina always kept me at her arms reach (two fingers)

She ain't a fan of monogamy
She never said those words to me
She had a man in every borough, oh
And as soon as I discovered

I was like, two fingers up to you
I don't want to fuck with you
Don't you even say my name
Karma's killed your game
Lost my trust
So, two fingers up to you
Don't wanna hear a word outta you
Don't you even say my name
Love don't feel the same
Never trust again

Met a girl called Alice
From the west end, she lives in a palace
Parents got money, but she couldn't care less
Works 100 hours for the NHS
We saw each other every now and then
Not quite lovers but more than friends
She's got a bit of a crazy streak
She's OCD, OTT neat, oh

She believes in monogamy
It's been a week she ain't the only girl I see
She caught me lying by lying
I was on my worst behaviour

Now she's like
Two fingers up to you
I don't want to fuck with you
Don't you even say my name
Karma's killed your game
Lost my trust
So, two fingers up to you
Don't wanna hear a word outta you
Don't you even say my name
Love don't feel the same
Never trust again, again
Never trust again
Done with you my friend
Never trust again

There ain't no morals to these stories

We're all just searching for somebody
And ya know it's hard
When you're living in the city
Where nobody trusts nobody

And I was like
Two fingers up to you
I don't want to fuck with you
Don't you even say my name
Karma's killed your game
Lost my trust
So, two fingers up to you
Don't wanna hear a word outta you
Don't you even say my name
Love don't feel the same
Never trust again, again
Never trust again
Done with you my friend

And I was like
Two fingers up to you
I don't want to fuck with you
Don't you even say my name
Love don't feel the same
Never trust again
