Second Guess

Dan Croll

Look out the window to a road of stone
Kissed by the sun now I've crawled back home
Tales of the night I recall to a friend
I say "I'd give anything to be back there again"

Cause nights, nights without thinking
Nights without thinking are the best
And the way, the way that I was feeling
That feeling doesn't need a second guess
No second guess

Patch of light in a small courtyard
The air is soft but the comedown hard
Do let me know when you're back in town
And I'll be prime for another round

Cause nights, nights without thinking
Nights without thinking are the best
And the way, the way that I was feeling
That feeling doesn't need a second guess
No second guess

Cause nights, nights without thinking
Nights without thinking are the best
And the way, the way that I was feeling
That feeling doesn't need a second guess

Oh, and you, you and me were dancing
Dancing like we're totally alone
And now I, I've got another reason
Got another reason to come home
