

# My Desire

Dan Hartman

Oh, oh, oh, my desire, it's got me wild  
My desire, what a crazy child  
My sweet fire keeps turning me over and over again

I'm no stranger to needing somebody's love  
I keep looking, I never can get enough  
Deep inside me I know it's the same old game  
But I'm caught up in the magic, oh  
Wanna touch you again

My desire, it gives me chills  
My desire, it always will  
My sweet fire keeps turning me over and over again

I'm a slave to what I feel  
Ooh, I can't control it, is it really real?  
I need some love light, I feel so down and blue  
So tonight I just wanna get something going  
Get something going with you

My, my, my desire  
My, my, my desire  
My, my, my desire  
And love's sweet fire keeps turning me over and over and over t  
o

My desire, it's just about to make me go wild  
It's my desire, it makes me act like a little child  
I'm talking about my, my, my, my, my desire  
My, my, my, my, my desire  
My, my, my, my, my desire  
My, my, my, my, my desire
