

Second Nature

Dan Hartman

Hey
Hey
I wanna read it in my magazine
I wanna hear it on my radio
There's no limit to the magic
Of this love that we know
Whoa, whoa

And it's deeper than any eye can see
But it's more than just a mystery
This feeling's takin' over me

The way we do the things we do
Second nature
The way we made our fantasy come true
Second nature
Well it's a finger-snappin be-bop can't-stop thing
Second nature
Whoa, whoa

It's not enough to show you how I feel
'Cause this love I've got for you is really real
And it's a miracle of timing when it comes so naturally
And we're standing, we're going strong
And when other dreams have come and gone
Our love will keep us keeping on

The way we do the things we do
Second nature
The way we made our fantasy come true
Second nature
Well it's a finger-snappin be-bop can't-stop thing
Second nature
Whoa, whoa

You are my river, you are my fire
Overflowin', getting higher and higher
And love will remain
Pulls me to the flame
Then I'm burnin', burnin'
This feeling's returnin'

Second nature
Second nature

In every lover's heart the story's being told
With a message sayin'
Oo I love you
Oo I love you
Oo I love you so!

The way we do the things we do
Second nature
The way we made our fantasy come true
Second nature
Well it's a finger-snappin be-bop can't-stop thing
Second nature

Whoa, whoa

Can it be, I say can it be
Second nature

Whoa, whoa
