

Don't Give Up on Us

Dan Hill

I look in your eyes
And I can see so deep inside
All the pain that you so carefully disguise

I feel it in your kiss
There's just no tenderness
Before you turn away
There's something I have to say

Don't give up on us
And know I'm on your side
We've gotta hold on together
Don't break my heart tonight

Girl, we've only just begun
We'll find a way to save this love
So don't give up on us
Don't give up on us
Not tonight

I know you've been burned
By lovers in the past
As for everything, it gave you nothing back

But that's over can't you see
Now it comes down to you and me
I will always be your man
How can I make you understand

Oh, don't give up on us
And know I'm on your side
We've gotta hold on together
Don't break my heart tonight

Oh, don't give up on us
Cause I'll be here for you always
Hold me forever
Don't let this feeling fade

Girl, we've only just begun
We'll find a way to save this love
So don't give up on us tonight

Our love is a river risin' high
If we hold on to each other
We can make it to the other side

We've gotta hold on to this love forever
Don't give up on us
Cause I'll be on your side always
Hold me forever
Don't let this feeling fade

Girl, we've only just begun
We'll find a way to save this love
So don't give up on us
We can give it one more try

Don't give up on us
Don't give up on us
Not tonight
