

# Through It All

Dan Hill

In the morning when you wake  
Might not wanna face today and all your heartache  
Thinking how much can you take  
Please don't ever loose the faith and don't fall under  
In a world that seems to get colder & colder  
Don't you worry cuz  
My love will only get stronger & stronger

[Chorus]

Cuz I, I, I, I, I'm gonna love you gonna hold ya through it all  
I, I, I, I'm gonna love you gonna never let you fall  
Through it all  
Through it all  
Don't think about the past, don't worry bout the future Just li  
ve in the moment  
Long as there's another day there will be another way  
A chance to make it through  
In a world that seems to get colder & colder

Don't you worry cuz  
My love will only get stronger & stronger

[Chorus]

Cuz I, I, I, I, I'm gonna love you gonna hold ya through it all  
I, I, I, I'm gonna love you gonna never let you fall  
Through it all  
When you're down and out  
Losing dignity  
Don't let go of me (hold on)  
Surely this is a brighter day right in front of me (hold on)  
If you really looked inside  
You would finally realize  
You don't have to cry (no more)  
All you have to do is see  
That you can believe in me  
And I will never leave  
Cuz I, I, I, I, I'm gonna love you gonna hold ya through it all  
I, I, I, I'm gonna love you gonna never let you fall  
Through it all
