

# What Do You Want

Dan Hill

Bittersweet, love so deep  
You've touched the hidden part of inside of me (oh)  
There you go, hot and cold  
Only you can tell me what I need to know

What do you want, do you, do you want from me?  
Do you want, do you really want me?  
What do you want, do you, do you want from me?  
(C'mon) Tell me what you want

Promises, they're fading fast  
Are you holding onto dreams that never last  
And your sweet touch can set me free  
Only you can do what I really need (can you tell me?)

What do you want, do you, do you want from me?  
Do you want, do you really want me?  
What do you want, do you, do you want from me?  
(Whoa) Do you really want me?

What do you want, do you, do you want from me?  
(C'mon) Tell me what you want

And your sweet touch can rescue me  
Only you can do (me) what I really need...

Tell me what you want from me?  
Only you can set me, set me free  
What do you want, do you, do you want from me?  
Do you want, do you really want me?  
Oh, take away the mystery  
(What do you want, do you, do you want from me?)  
Only you can set me free  
What do you want, do you, do you want from me?  
Do you want, do you really want me?  
What do you want, do you, do you want from me?  
Do you want, do you really want me?  
What do you want, do you, do you want from me?  
Do you want, do you really want me?  
What do you want, do you, do you want from me?  
Do you want, do you really want me?  
(Repeat to fade)
