

How Darwinian

Dan Mangan

In the cars
In the beds where they sleep
In the alleyways behind the fast food chains where they eat
People don't know what they want
They just know they really want it

I should know better by now
There's only so much to go around

Through a lens
Like a dog at your feet
I will see the world the way that it seems easy to see
See I don't know what I want
I just know I really want it

I should know better by now
There's only so much to go around
