

# In The Aeroplane Over The Sea

Dan Mangan

What a beautiful face  
I have found in this place  
That is circling all round the sun  
What a beautiful dream  
That could flash on a screen  
Be gone in a blink of an eye from me  
Soft and sweet  
Let me hold it close and keep it here with me

And one day we will die  
And our ashes will fly  
From the aeroplane over the sea  
But for now we are young  
Let us lay in the sun  
And count every beautiful thing we can see  
Love to be  
In the arms of all I'm keeping here with me

What a curious night  
We have found here tonight  
There is music that sounds from the street  
There are lights in the clouds  
Anna's ghost all around  
Hear her voice as it's ringing and reeling through me  
Soft and sweet  
How the notes all bend and reach above the trees

Oh, how I remember you  
How I would push my fingers through  
Your mouth to make those muscles move  
That made your voice so smooth and sweet  
But now we keep where we don't know  
All secrets sleep in winter clothes  
With the ones we loved so long ago  
Now we don't even know his name

What a beautiful face  
I have found in this place  
That is circling all round the sun  
When we meet on a cloud  
I'll be laughing out loud  
I'll be laughing at everything I see  
Can't believe how strange it is to be anything at all
