

Just Know It

Dan Mangan

Truth hurts and it always shows up
Dead last when the party's over
Wouldn't you just know it
Two birds and one stone
Once cast and once thrown
Well ya can't unthrow it

You're gonna wear me out
You're gonna wear me out
I just know it

Time burns like an old home
It moves fast and kills slowly
Wouldn't you just know it?
Two birds, and one stone
Picked last and sent home
Now ya can't not throw it

You're gonna wear me out
You're gonna wear me out
I just know it
You're gonna wear me out

I have wondered
Will I be swallowed?
Will I be wrestled?

You're gonna wear me out
I just know it
