

Say When

Dan Mangan

Can I get an amen?
Godforsaken goddamn?
Can I get an amen?

Say when
Any time now, now
Say when
Any time now, now, now
Fire me from a cannon, put my head in the clouds
I want cheerleaders to carry me through my hometown
God damn
I need a goddamn godsend

Someone define me
Commodify the sorrow
Gimme that lightning
Pass me that bottle
I'm waiting on a Hail Mary

Fryin' on the pavement
Screamin' for the hell of it
Can I get an amen?

Say when
Any time now, now
Say when
Any time now, now, now
Fire me from a cannon, put my head in the clouds
I want cheerleaders to carry me through my hometown
God damn
I need a goddamn godsend
God damn

Heaven help the one who wants to be the one
Heaven help the one who wants to be the one

Say when
Any time now, now
Say when
Any time now, now, now
Fire me from a cannon, put my head in the clouds
I want cheerleaders to carry me through my hometown

God damn
Any time now, now
Say when
Any time now, now, now
Fire me from a cannon, put my head in the clouds
I want every little single thing I think I want
God damn
God damn
(I need a goddamn godsend)
Main man
Bird in the hand
God damn
(I need a goddamn godsend)
