

# I Can't Find The One For Me

Dan McCafferty

I found water in the desert  
I found oil in the sea  
I found faith and mystic Mountains  
I had fun and reveres  
I have friends and fellow travelers  
All the things under the sun

I can't find the one  
That you wake up thinking of  
I can't find the one  
Who can take it beyond love  
I can't find the one  
I would follow from the Highlands to the sea  
I can't find the one no I can't find the one for me

I've had a rumble in the jungle  
On the road to Mandalay  
Had a dance with Chaka Zulu  
On his way to judgment day  
There is music on the prairie  
When you hear the wind at night

I will know by the way she says hi  
I will know by the lack of surprise  
I will know by the way the air moves  
I will never never never never  
Be so sure

I will find the one  
That you wake up thinking of  
I will find the one  
Who can take it beyond love  
I will find the one  
I will follow from the Highlands to the sea  
I will find the one I will find the one for me
