

Mafia

Dan McCafferty

On the boulevard
Everybody placed their order
Your buddies with them all
Every cop and every robber

You don't discriminate
They're all fans of your produce
It's all about style and pose
And the feelings that it dose induce

Profits never low when it comes to getting high
Political correctness leaves with a sigh
It's not a habit, it's a vibe
Everybody's doing it, so why

You're welcome everywhere
Every barkeep has your contact
When trouble comes you're Teflon
Your alibis intact

But there's damage getting done
To the desperate, to the poor
On a spoon or on a needle
Gonna stop soon for sure

Profits never low when it comes to getting high
Political correctness leaves with a sigh
It's not a habit, it's a vibe
Everybody's doing it, so why

Profits never low when it comes to getting high
Political correctness leaves with a sigh
It's not a habit, it's a vibe
Everybody's doing it, so why
