Tell Me

Dan McCafferty

```
I was so wrong
Just having such a good time
Didn't mean you any harm
I woke up
All the damage I had done
Had brought you so much sorrow

All my mistakes
All my fault
Forgiveness, forgiveness, please
And we'll stand a chance of moving on
We can move on
We can move on
To a better life

Tell me I have a chance
Tell me we can make it through
That love is standing bye
Tell me I have a chance
Tell me we can make it through
That love is standing bye

I will be strong
I see the danger now
I've got to take more care
I can't loose you
It's here that you belong
I was so so wrong

I was so wrong
I will be strong
```
